New markets – New Partners

An increase in demand from overseas markets, and as part of ISCA's global strategy, we are delighted to announce the following distributor appointments

GMZ inc

Based in Cincinnati, OHIO, GMZ inc will act as the US distributor for the Iscaguard® preservative range for personal care and the Corriguard® anti-corrosive pigments for coatings and allied markets. Founded in 2001 GMZ have an annual turnover of US(\$)65 million, employing 30 personnel, covering 25 states. Already representing several respected multinational chemical manufacturers, we know we have found a company with the correct synergies to grow the market for ISCA's products in the US.
